DISCLAIMER: Application for water service may cause MPU to operate the customer-owned curb stop, and by operating said curb stop, potential damages may occur to all or some other portion of the water service system, including without limitation the service line or curb stop. While MPU shall undertake reasonable precautions and safety measures to reduce the possibility of such damage occurring, it does occasionally happen. Upon discovering such damage, MPU will promptly notify the property owner. However, by signing above, the applicant acknowledges that MPU assumes no financial or other liability associated with such damages, and that the cost and expense of additional repairs or replacements of all or any portion of water service under all circumstances is solely the responsibility of the property owner.
