Community Owned...Customer Focused

Additional MPU Customer Programs

MPU offers the following programs to assist our customers with saving energy, reduce energy bills and to save our environment for future generations. Please visit our website at www.mpu.org/conservation/incentives-programs for details about these programs.

LED Light Bulb \$20 Rebate Program

MPU offers up to a \$20 rebate for residential customers to purchase energy efficient LED light bulbs. A 9-watt LED bulb replaces a 60-watt incandescent bulb and can last up to 25 years before needing replacement. Stop in our office or visit our website for details and to get an LED rebate application.

CFL Light Bulb Recycling Drop Off

Compact Fluorescent light bulbs (CFL—swirly ice cream cone style) contain a small amount of mercury and should not be landfilled. You can drop off CFLs (and other non-tube style lights) at our Main Office where they will be recycled and disposed of properly.

Renewable Choice Program

MPU offers the Your Renewable Choice program so that you can help steer the future of energy production toward renewable sources. To learn more about this program, visit www.mpu.org/conservation/incentives-programs.

MPU 2020 Residential Energy Efficient Appliance Incentive

News from Manitowoc Public Utilities

MPU is pleased to offer incentive rebates for the purchase of energy efficient appliances with two rebate levels!

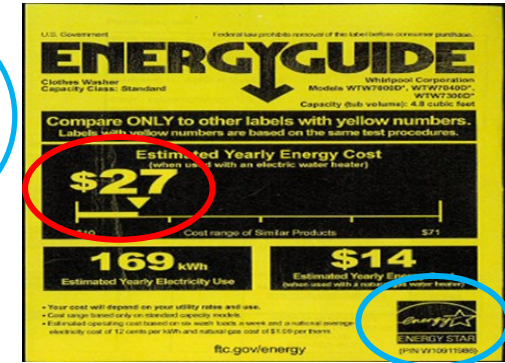

See inside for more details!

MPU Residential Energy Efficient Appliance Incentive Rebates: January 1 – December 31, 2020

MPU is offering two different incentive rebates for purchasing energy efficient appliances that can lower your energy use, lower your utility bill and save the environment for future generations.

Level 1 \$50 Rebate — when you purchase an Energy Star Certified appliance identified by either a **separate** Energy Star logo or an Energy Star logo **on** the Yellow Energy Guide (see **blue** circled examples at right).

Level 2* \$100 Rebate - when you purchase an appliance **rated in the bottom quadrant** on the 'Cost Range of Similar Products' identified **on** the Energy Guide label (see **red** circled example at right).

***Note**—Not all appliances have an Energy Guide label and many labels do not specify what quadrant the appliance fits in on the 'Estimated Yearly Energy Cost' section. Appliances without the Energy Guide label do not qualify for the incentive.

Details & Conditions

- Available to electric residential customers of MPU who install the appliance at their premise (including renters with electricity included in rent). MPU may inspect the premise to verify the appliance installation.
- Each customer is limited to **TWO** (2) rebates per year (rebates issued by check), and will be provided **ONE** rebate per appliance (Level 1 **OR** Level 2, but **NOT** both).
- Submit** with the application the **original sales receipt within 60 days of the date** on the sales receipt and either:
 - If Level 1 Rebate: Energy Star Logo**
 - If Level 2 Rebate: Energy Guide showing Estimated Yearly Energy Cost in bottom quadrant of 'Cost Range of Similar Products'**
- At MPU's sole discretion, the program may be discontinued at any time and for any reason.
- Complete application information below and mail to or drop off at Manitowoc Public Utilities, 1303 S. 8th Street, P.O. Box 1090, Manitowoc, WI 54221.

Please fill in schedule below & place rebate \$ amount in the proper box.
