

PUBLIC NOTICE TO ALL ELECTRIC CUSTOMERS OF MANITOWOC PUBLIC UTILITIES

Manitowoc Public Utilities (MPU) has filed an application with the Public Service Commission of Wisconsin (PSCW) to increase electric rates. The adjustment has been requested due to increases in fuel and purchased power costs, increases in operational and maintenance expenses associated with added run time of the power plant, inflationary cost increases experienced by MPU since the last rate review, and continued investment in infrastructure. The last electric rate adjustment was effective in April of 2020.

The adjusted increase request is 5.00%, or \$2,222,093. The actual change to individual customers will vary with electricity usage, class of service and the ultimate rates authorized by the Commission. If the application is approved by the PSCW, per staff recommendation, the average residential customer using 600 kilowatt-hours (kWh) of electricity per month will see a monthly increase of approximately \$3.78, or 6.45%. If approved, the new rates will be \$65.70 or 34% less per month than the surrounding investor owned utility (Wisconsin Public Service Corporation) for an average residential customer.

A telephonic public hearing on the application has been scheduled for Friday, July 28, 2023 at 10am. This hearing has no physical location at PSCW's office in Madison, WI. Parties and Commission staff appear by audiovisual connection over the internet. Parties and Commission staff may use the audio-only telephone connection as a backup, or if no practicable internet connection exists. Members of the public may attend in person at MPU's office, or participate via internet or telephone, or listen to the live broadcast on the PSCW's website at <http://psc.wi.gov> under the "PSC Live Broadcast" button.
